Suicide is preventable. Anyone can make a difference.

ASIST - **A**ppplied **S**uicide **I**ntervention **S**kills **T**raining is a **2-day workshop** in suicide first aid. Learn to recognize when someone may be at risk and to respond in ways that help increase their immediate safety and link them to help. Whether you are a caregiver case-manager, family member, friend or concerned citizen, this workshop can help you apply suicide first aid in many settings. ASIST participants will have the ability to demonstrate skills required to intervene and more. Learn more about this course on our website.

FREE to Tuolumne County residents.
